

A. Site Energy Production Summary\*

|                             | Energy Production (kWh)   |                   |                                           |    |    |
|-----------------------------|---------------------------|-------------------|-------------------------------------------|----|----|
|                             | Site                      |                   | By Turbine                                |    |    |
|                             | P50 (Expected Production) | Actual Production | V1                                        | V2 |    |
| Sep-18                      | 449,000                   | 151,192           | -                                         | -  | ** |
| Oct-18                      | 688,000                   | -                 | -                                         | -  |    |
| Nov-18                      | 804,000                   | -                 | -                                         | -  |    |
| Dec-18                      | 822,000                   | -                 | -                                         | -  |    |
| Jan-19                      | 924,000                   | -                 | -                                         | -  |    |
| Feb-19                      | 736,000                   | -                 | -                                         | -  |    |
| Mar-19                      | 794,000                   | -                 | -                                         | -  |    |
| Apr-19                      | 734,000                   | -                 | -                                         | -  |    |
| May-19                      | 574,000                   | -                 | -                                         | -  |    |
| Jun-19                      | 429,000                   | -                 | -                                         | -  |    |
| Jul-19                      | 357,000                   | -                 | -                                         | -  |    |
| Aug-19                      | 314,000                   | -                 | -                                         | -  |    |
| Sep-19                      | 449,000                   | -                 | -                                         | -  |    |
| Production 2018 (ytd) (kWh) | 2,763,000                 | 151,543           | 0                                         | 0  |    |
| Total Production (kWh)*     | 7,625,000                 | 0                 | 0                                         | 0  |    |
| Capacity Factor*            | -                         |                   | *Value calculated over the last 12 months |    |    |

B. Site Energy Production Graph

September-2018

C. Safety Summary

|                        | This Month | Project Cumulative |
|------------------------|------------|--------------------|
| Recordable Incident(s) | 0          | 0                  |
| Near Miss(es)          | 0          | 0                  |

D. Planned Maintenance Events

| Date       | Event                         | Duration (hr) | Turbine |
|------------|-------------------------------|---------------|---------|
| October-18 | Goldwind 500 Hour Maintenance | ~8            | V1      |
| October-18 | Goldwind 500 Hour Maintenance | ~8            | V2      |

E. Actual Maintenance Events

| Date | Event | Planned/Unplanned | Duration (hrs) | Turbine |
|------|-------|-------------------|----------------|---------|
|------|-------|-------------------|----------------|---------|

F. Turbine Availability & Downtime\*\*\*

| Availability  | This Month | Year To Date |
|---------------|------------|--------------|
| V1            | -          |              |
| V2            | -          |              |
| Avg           |            |              |
| Downtime (hr) | This Month | Year To Date |
| V1            |            |              |
| V2            |            |              |
| Total         |            |              |

G. Billed Data\*\*\*\*

|                           |                     |
|---------------------------|---------------------|
| Meter Reading (Date/Time) | 9/30/2018 12:00 AM  |
| Meter To Date Produced    | 151,543 kWh         |
| Meter To Date Consumed    | 351 kWh             |
| Last Reading Produced     | 0 kWh               |
| Last Reading Consumed     | 0 kWh               |
| Billed kWh                | 151,192 kWh         |
| Next Meter Reading        | 10/31/2018 12:00 AM |

H. Report Notes and Comments

\*\*Sep-18 production data read from meter.

\*\*\* Availability and Downtime to be included once full month of SCADA data available.

\*\*\*\*Billing for Sep-2018 began on 9/20/2018.
